

DHI-eHDD-E10

External Hard Disk Drive

- Adopts USB3.0 high-speed port, and features stable operation and fast transmission
- Portable and compact, easy to operate, and plug and play
- Strong compatibility and great performance; supports various operating systems
- Equipped with alloy anode panel; elegant appearance with good anti-corrosion and wear-resisting function

System Overview

The EHDD adopts USB3.0 high-speed port, and features stable operation and fast transmission. It is portable and compact, easy to operate, and plug and play. With strong compatibility and great performance, the product supports various operating systems. Equipped with alloy anode surface, it has elegant appearance with good anti-corrosion and wear-resisting function.

Functions

Meet Various Needs

The EHDD can store images, movies, music, files, and more to meet the needs of consumers for portable storage.

Compatible with Various Products

The EHDD has strong compatibility and great performance, and supports Windows, Linux and MAC OS systems.

Scene

As a storage device, the EHDD can store images, movies, music, files, and more to meet the needs of consumers for portable storage.

Technical Specification

Product Model	DHI-eHDD-E10-1T	DHI-eHDD-E10-2T
Capacity	1 TB	2 TB
Read Speed	140 MB/s	140 MB/s
Write Speed	140 MB/s	140 MB/s
File System	NTFS	NTFS
Operating Temperature	0°C to +60°C (+32°F to +140°F)	
Storage Temperature	-40°C to +85°C (-40°F to +185°F)	
Operating Humidity	5%–95% (non-condensing)	
Compatibility	Windows XP/7/8/8.1/10, Linux 2.6, or MAC OS 10.6 and later	
Product Dimensions	123.5 mm × 78.0 mm × 19.0 mm (4.86" × 3.07" × 0.75")	
Packaging Dimensions	160 mm × 111 mm × 40 mm (6.30" × 4.37" × 1.57")	

Net Weight	225 g (0.50 lb)
Gross Weight	285 g (0.63 lb)
Reference Information	<ol style="list-style-type: none"> 1. The capacity written on the product and package is nominal capacity. 2. 1 GB ≈ 1 billion bytes. The actual available capacity of the product is less than the nominal capacity due to different capacity algorithms and the fact that part of the capacity is reserved or used to store file system. 3. Data transmission speed and actual performance can be influenced by system settings and other factors. 4. Data stored in the product is not covered by warranty. Please back up stored data regularly.
